SERVICE INFORMATION LETTER NO. 0161

Page 1 of 2

DATE: May 4, 2007

1. SUBJECT: Main Rotor Damper Oil Part Number
2. MODEL: F-28A, F-28C, F-28F, 280, 280C, 280F, and 280FX
3. EFFECTIVITY: All serial numbers
4. BACKGROUND:

The manufacturer of the silicone oil used in the main rotor dampers has changed the part number of the oil from L-45 to SF96-20. This Service Information Letter (SIL) provides information for ordering and usage of the SF96-20 oil.

5. COMPLIANCE:

Use the new part number (para. 5.1) when ordering silicon oil for the main rotor dampers.

## NOTE

**The L-45 and SF96-20 silicone oils are interchangeable and mixing of the oils is permitted.**

- 5.1. CONSUMABLE MATERIALS

Description	New Part Number	Old Part Number
Silicone Oil	SF96-20	L-45

## NOTE

**Enstrom will continue shipping L-45 silicon oil until the current supply is exhausted.**

6. SPECIAL TOOLS: N/A
